Victorian Women Lawyers is proud to host a regional networking event in Bendigo.

VWL encourages women lawyers and law students to attend. The luncheon is intended to provide an opportunity for women lawyers to network and share experiences. It will enable women law students to make connections in the legal profession and discuss the challenges and rewards of pursuing a legal career.

There will be an opportunity to hear from senior regional female practitioners on their experiences and career progression while practicing in rural Victoria.

Guests will also hear from VWL's Convenor about VWL's plans to offer more benefits for regional lawyers and law student members.

Lunch and refreshments will be provided.
