

SEXUAL HARASSMENT WORKSHOP

Support, prevention and reform

Sexual Harassment remains a prevalent issue in Australian workplaces and VWL and Justitia recognise the hardship faced by women in the legal profession, who have suffered, or may be suffering from sexual harassment in the workplace.

This workshop will create a safe space for female identifying persons to join VWL and Justitia for a discussion about the impact of sexual harassment in the legal profession, including prevention and support. It will be an opportunity to share ideas and experiences, and equip you with the knowledge of where to seek assistance if you have experienced or are experiencing sexual harassment.

Please join Victorian Women Lawyers, Justitia Lawyers and Consultants and Megan Fulford, Wellbeing Manger at the LIV for a discussion about the impact of sexual harassment in the legal profession, including prevention and support.
