

Alternative Legal Career Pathways

4-week Series hosted on Instagram Live

We're told that the law opens many doors, but what alternative pathways are available outside the traditional law firm setting?

Join us on Instagram Live each Wednesday morning for 4 weeks, for a discussion on different pathways available within the law, from the traditional to the innovative.

We encourage you to submit any questions you might have for the panel upon registration for this event, which will be anonymously put to our speakers to share their insights and experiences.
