# CLARITY ROADMAP WORKSHOP

Victorian Women Lawyers' is proud to present our Flourishing Workshops series designed to empower legal professionals to find their purpose and become authentic leaders within their community.

Back by popular demand, our facilitator is **Penny Locaso** the author of *Hacking Happiness*, a TEDX speaker and contributor to the Harvard Business Review.

The final workshop in this series of interactive masterclasses focuses on unlocking the clarity you seek in deciding what comes next in your career or life journey. This session is perfect for those ready to ignite a shift in their career and or their life but are unsure of where to start.

This workshop will explore the following:

- Purpose: what is it and where to start to gain clarity on what yours looks like
- How to create a simple set of decision-making criteria that empowers you to start living your purpose in the everyday
- How to deliver a NO with kindness so that you can create the space to align your actions with your purpose.

Our facilitator for the workshop Penny Locaso, is the author of *Hacking Happiness*, a TEDX speaker and contributor to the Harvard Business Review. Penny has been making waves challenging those around her to view the world through a different lens, one which can allow you to flourish in uncertainty and find joy, even in stressful times.

This is what attendees had to say about our past Flourishing Workshops:
